# About the Asian Journal of Comparative Politics

The Asian magazine of Comparative Politics (AJCP) goals the guide of theoretically or methodologically authentic articles that articulate conceptual and theoretical views in Comparative Politics, and it welcomes both quantitative and qualitative procedures. AJCP also goals the e-book of quick studies notes that outline on-going studies in extra particular areas of look at.

AJCP is for political scientists all over the international. The core discipline of the journal is Comparative Politics with the focus on Asia. The journal covers all subjects in this discipline; political behaviour and management (e.G., elections, corruption, and consensual versus dictatorial systems); institutions and regime (e.G., executives, legislatives and judiciaries, authoritarianism as opposed to democracy); country-society family members (e.G., susceptible nation and strong society); political subculture (e.G., compliance inclined as opposed to defiance prone norms); and foreign coverage and globalization (e.G., proactive as opposed to reactive diplomacy and permeated as opposed to isolated society). As Asia has a capacity as one of the frontiers of comparative studies, it would also assist generate new hitherto fore unknown findings inside the West.

However, this does not mean that the journal does now not take delivery of interdisciplinary methods bridging the gap among Comparative Politics and other subfields of Political technology. As an example, the magazine touches global relations. In an generation of deep and extensive globalization especially in a dynamic and numerous location called Asia, it's far unthinkable for a magazine of politics no longer to deal with international members of the family and worldwide politics. The journal additionally seeks to bridge the space between Political technology and different associated fields inclusive of Economics, history, Sociology, Psychology, and clinical technology. It's far open to different instructional areas and appreciates the benefits that emerge from those authentic studies articles and notes of various instructional traditions.

"The Asian journal of Comparative Politics objectives to provide analyses across states, under states and past states. The journal is going past euro-centric idea of kingdom and kingdom structures with out being Asia-centric. It goals to be global-centric in its method, audience and techniques. Most effective time will inform whether it passes this check. The AJCP will start with 3 unmarried topic based problems for the duration of first three Quarters. The primary will look across nations and analyze 3 Elections in Asia in the course of 2014-15, in India, Indonesia and Japan. The second problem will appearance below countries to discover how domestic debates among sub-country wide organizations influence foreign affairs and regional members of the family. The focus could be on China and its associates in East Asia. The 0.33 problem will look beyond nations at how international 'Regimes' are putting policies and developing enforcement norms and gadgets, consequently developing a new area of Governance which confounds the kingdom-centric sovereignty of the 20 th century. Welcome to the Asian magazine of Comparative Politics, offering comparisons throughout states under states and past states." -Ijaz Shafi Gilani, Chairman, Gallup Pakistan, Pakistan.

“The Asian journal of Comparative Politics promises to end up a vibrant meeting area for critical comparative scholarship addressing problems primary to the 21st century. Scholars take observe!” Peter Katzenstein, the Walter S. Chippie, Jr. Professor of worldwide studies, Cornell college and previous President of the yank Political science association.

“Asia is the biggest continent within the international, with the largest populace (more than four.Four billion humans (60% of the sector populace). It is the fastest growing monetary region and the biggest continental economy by GDP PPP in the international. It has several of the sector's oldest non-stop literate civilizations, boasts a series of financial "miracles" and 5 of the sector's nuclear powers. Political science has carried out a lot to tell our understanding of this various continent, however comparative political analysis has hitherto been tremendously omitted. The Asian magazine
