About the EPR

EPR (Electrical & Power Review) is a leading publication dedicated to providing in-depth analysis, updates, and insights into the power generation, transmission, and distribution sectors. With a focus on the Indian and global power industry, EPR magazine offers readers a wealth of information on the latest advancements, trends, and innovations in the field. From interviews with industry leaders to product innovations, case studies, and technological updates, EPR keeps readers informed and empowered in the dynamic world of power and energy.

Electrical & Power Review serves as a comprehensive resource for professionals, researchers, and enthusiasts in the power and energy industry. The magazine provides in-depth analysis of the power sector, covering a wide range of topics, including power generation technologies, transmission and distribution infrastructure, policy and regulatory updates, energy efficiency, and sustainability initiatives. By delving into these key areas, EPR magazine enables readers to gain a deeper understanding of the evolving power landscape and make informed decisions in their respective domains. EPR (Electrical & Power Review) features exclusive interviews with eminent personalities, industry leaders, and experts in the **power and energy** sector. These interviews provide readers with valuable insights into the latest trends, challenges, and opportunities in the industry.

Subscribing to EPR magazine offers numerous benefits to professionals in the power and energy industry. By subscribing, readers gain access to a wealth of information, including industry analysis, interviews, product innovations, case studies, technological updates, and features.
