About the Ideal Home & Garden

The Ideal Home & Garden - India Edition. We are house proud. And home loving. And that's what we are hoping The Ideal Home & Garden is about in the magazine are all part of the emotion we feel for our home. With work occupying centre stage in most of our lives, home stands for everything that work isn't. Familiarity, comfort, privacy, luxury, relaxation, recreation, personal space. Having said that, home interiors – to label it that would be unfair. It would, sadly, narrow its scope. In essence, we are all about good, comfortable, where the picture complete. It is all about the home (inside and out of it) and the life you lead around it. Homes around the country (city bylanes), gardens (from balcony trimmings and indoor plants to well-manicured lawns and terrace conservatories), market information for-money shopping (at home and abroad), gastronomic indulgence, house fashion, do-it-yourself delights, easy makeover suggestions. We intend to reflect a lot of the market trends along with creating and setting a few good ones of our own - to inspire. In this magazine, we provide our readers access to a voracious marketplace, the ultimate consumer's dream. Finally to put it all in a nutshell where everything is beautiful. And at the end of the day, we'd like to believe that we're creating great lifestyles.
