About the Journal on Educational Psychology Magazines

Journal on Educational Psychology delves into the intricacies of the creative mind with a core of useful resources and unfolds the different teaching learning processes and the varied interests of students in a psychological perspective. The Journal facilitates younger generation with scientific and cognitive insights and improves the overall quality of education. The incessant quest in the field of education, the attempts made to understand the theories of learning and the factors required for successful learning outcome provide the best ground for the researchers to explore the teaching and learning process psychologically
