About the Journal on Mathematics

Journal on Mathematics is an earnest effort to promote the application of Mathematics to Physical Problems and to understand their relationships expressed in numbers and other special symbols. Mathematics involves planning, design, construction, quality assessment and control, and none of these would be possible without its application. The most fundamental reality, and everything else emerges from mathematics, and mathematics lies at the center of all Physical sciences. The Journal aims to focus on high quality papers from academia and practitioners in all areas of Mathematics.
