About the Journal of Computer Technology and Applications

Journal of Computer Technology and Applications (JoCTA) is a print and e-journal centered towards the quick distribution of basic examination papers on all zones concerning the most recent and late exploration and survey work in computers and their business and examination commitments.

All commitments to the journal are thoroughly refereed and are chosen based on quality and innovation of the work. The journal distributes the most critical new exploration papers or some other unique commitment as audits and reports on new ideas in all regions relating to its extension and examination being done on the planet, subsequently guaranteeing its logical need and importance.
