This special bimonthly publication, which has been in print for 22 years, is the only one of its kind in India. Eminent editorial board members are members of the **pump industry and technical / research institutions**. Publishers are technocrats with extensive experience in the pump business.

Leading authorities in the subject contribute to our publications. Each issue includes information on new discoveries, technological advancements of various types of pumps, as well as selection, application, design-construction, operating principle, and maintenance information. Each issue includes a buyer's guide that includes the full addresses of domestic and international manufacturers of various types of pumps, valves, seals, motors, and pump merchants. Other regular features include pertinent technical pump data, conversion factors, recommendations for choosing a pump, protective devices, mechanical seals, and valves.
