### About the Tropical Plant Research

Tropical plant research is an international peer reviewed journal by the society for tropical plant research. The aim of the journal is to publish original research papers, reviews, and short communications in the field of tropical and sub-tropical regions of the globe. The journal provides the platform for motivating the students and research personnel working on the various aspects of tropical plants, including their taxonomy, diversity assessment, ecology, environmental prospection, Physiology, Genetics, Phyto-chemistry, Molecular aspects, and lichenised as well as non lichenised fungi. It cover following subjects: Taxonomy, Diversity assessment, Ecology, Environmental prospection, Physiology, Genetics, Phyto-chemistry, Molecular aspects.
